BEST SELLERS

Pallet truck and lift table in one. Designed to lift goods to an ergonomically correct height.

The telescopic jack is made up of 3 rods therefore the unit is easily pumped to the required height.

Stabilising bars automatically come into operation preventing the unit from moving when the forks are raised. The truck automatically slows the descending speed when heavy goods are loaded to help prevent damage.

Fork Length	Width Over Forks	Weight	Code	Price	Code	Price
1150mm	520mm	95kg	450315	£489.00	4503153	£469.00
1150mm	685mm	115kg	450316	£499.00	4503163	£479.00
